2,299,029

TOTAL POUNDS OF FOOD
10,495,070

COMMUNITY IMPACTS

TRAS TALLERES AND LA MARINA

Daily milk consumption is essential to have a nutritious balanced diet. That is why during this month we distributed dairy products to the Tras Talleres and Marina sectors in Guaynabo. This distribution was possible thanks to the collaboration of Fondita de Jesús.

MILK PROJECT

Thanks to a donation from the Dairy Farmers of America, an agricultural cooperative and Chick-Fil-A, Banco de Alimentos distributed dairy products to children who suffer food insecurity. Organizations such as Fundación Educamos con Amor in Corozal and CADEI Bilingual School in Moca collaborated with us to bring nutritious food, such as milk, to children in need.

DELTA DENTAL

We thank Delta Dental for their donation, which will allow us to continue working to eradicate food insecurity in our Island.

FROM THE FARM TO THE FOOD BANK

We continue working for the implementation of the Farm to Foodbank Project. This project will create an alliance between the agricultural industry and the Food Bank to reduce the amount of food wasted by transforming products that would later be distributed to people in need.

VISIT OF SENATOR JUAN ZARAGOZA

This month we received a visit from the Senator to get to know our facilities and discuss issues related to the food insecurity faced by 40% of the population in Puerto Rico and how we can minimize its impact, by working together.

TRES MONJITAS

Orlando González, General Manager and Mabel Lluveras, Brand Manager, visited our facilities and identified possible collaboration projects for the benefit of both organizations.

CAMPBELL'S

Campbell's continues helping vulnerable populations such as the elderly, children, single mothers, people with functional diversity and university students. Thank you, Campbell's, for trusting our work.

Gobierno de Puerto Rico
COMISIÓN PARA LA PREVENCIÓN DEL SUICIDIO
 Departamento de Salud

COMMISSION FOR SUICIDE PREVENTION

The Commission for Suicide Prevention provided us with educational material for our agencies and participants, as part of the campaign *Mi vejez la defino yo*, which seeks to prevent suicide in elderly people.

VOLUNTEER EXPO

Banco de Alimentos participated in the Volunteering Expo. This virtual event was organized by United Way of Puerto Rico and Humana. The purpose of this activity was to promote voluntary service among the employees of Humana.

ACADEMY OF NUTRITION AND DIETETICS OF PUERTO RICO

To establish an alliance between the Academy of Nutrition and Dietetics of Puerto Rico, we received the visit of Suzanne Jiménez, licensed nutritionist. This agreement will allow us to validate that our menus meet the standards established by the Department of Health.

SEXUAL HARASSMENT WORKSHOP

In compliance with the law, the Food Bank offered its employees a workshop on how to identify Sexual Harassment at Work. This workshop was facilitated by Dr. Marie Haaz and Celina Romany, Co-President and Founder, of the Legal Coalition for Puerto Rico.

INTERNSHIP PROGRAM

During this month, we enjoyed a presentation by our interns in the areas of Communications, Finance and Agencies. During the presentation, the interns shared with us learnings and provided suggestions on ways we can improve our organization.

DONATIONS

We are grateful to the following corporations that support our mission. Thanks to generous supporters like you, we ensure the delivery of food to those in need in Puerto Rico.

THANKS TO ANONYMOUS DONORS

Our heart goes out to the thousands of donors that every month supports our mission through ATH Mobile and PayPal. Your love and support are inspiring. Thank you!
